Dear Mr. Yazici,

Please find enclosed the regulations draft with the remarks which are underlined and highlighted in yellow. We kindly ask you to make corrections and to send corrected regulations once more to us before their publication.

Also, I want to give a few remarks:

- In the regulations for the blitz tournament according to valid ECU Tournament rules and regulations the rate of play should be 5 minutes per player per game.

- The principle of waving for ECU entry fee for local players selected by organisers is not applied in Budva, but only in Rijeka. This was approved by ECU President at the request of the organizers. If you wish, I can include your request for the next ECU Board meeting which will be held in January.

Best regards,

Sava Stoisavljevic
ECU General Secretary
